PROFESSIONAL SUMMARY

Detail-oriented Bookkeeper and Sales Support Analyst with experience supporting bookkeeping, financial recordkeeping, accounts payable and receivable processes, bank reconciliations, invoicing, supplier bills, customer payments, and financial reporting using QuickBooks Online and Microsoft Excel. Holds the Intuit Bookkeeping Professional Certificate with knowledge of accounting principles, the accounting cycle, financial statements, AP, AR, and bank reconciliation.

Experienced in maintaining accurate business records, reviewing financial and operational data, resolving discrepancies, and supporting administrative and reporting processes. Strong attention to detail, analytical skills, and ability to work with confidential business and financial information. Seeking to contribute to an accounting team in a Bookkeeper role while continuing to develop practical accounting expertise.
